SECTION 1. IDENTIFICATION

Product Identifier: #115 Xtra Mild Citrus Thinner
Other Means of Identification: Solvent
Recommended Use: Artist & Wood Finish Solvent
Initial Supplier Identifier: Eco-House Inc. PO Box 220 STN A. Fredericton, NB E3B 4Y9
Emergency Telephone Number: 506-366-3529

SECTION 2. HAZARD IDENTIFICATION

GHS Classification:
- Flam. Liq 4
- Skin Irrit. 2
- Skin Sensitization 1
- Asp. Tox. 1

Signal word: Danger

Hazards: Combustible liquid. May cause allergic skin reaction. May be fatal if swallowed and enters airways.

Precautionary Statements: Keep away from heat/sparks/open flames/hot surfaces. No smoking. Keep container tightly closed. Use explosion-proof electrical/ventilating/lighting equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Wear protective gloves, eye and face protection. Wash hands thoroughly after handling. Take off immediately all contaminated clothing. If skin irritation occurs, get medical attention/advice. If swallowed, immediately call poison control/doctor. Do NOT induce vomiting. Store in well ventilated place. Keep cool at room temperature. Keep away from children. Dispose of contents/container in accordance with local/regional/national/international regulations.

SECTION 4. FIRST-AID MEASURES

Inhalation: If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing. Get medical advice/attention, if you feel unwell.

Skin Contact: In case of contact, wash with soap and water. Remove contaminated clothing and shoes. Wash clothing before reuse. Call a physician if irritation develops and persists.
Eye Contact  In case of contact, immediately flush eyes with plenty of water for at least 15 mins. If possible, remove contact lenses, if worn. If irritation persists, get medical attention.

Ingestion  If swallowed, do NOT induce vomiting. Never give anything by mouth to an unconscious person. Immediately call poison control or doctor.

Most Important Symptoms and Effects, Acute and Delayed  May cause respiratory tract irritation. May cause allergic skin reaction. May cause eye irritation. May be fatal if swallowed and enters airways. This product may be aspirated into the lungs and cause chemical pneumonitis. May cause stomach distress, nausea or vomiting.

Immediate Medical Attention and Special Treatment  Symptoms may not appear immediately. In case of accident or if you feel unwell, seek medical advice.

SECTION 5. FIRE-FIGHTING MEASURES

Extinguishing Media

Suitable  Carbon dioxide. Foam. Dry powder.

Unsuitable  High volume water spray.

Specific Hazards Arising from the Product  Hazardous combustion products: smoke, fume, incomplete combustion products, oxides of carbon.

Special Protective Equipment and Precautions for Fire-Fighters  Fire fighters should use standard protective equipment and in enclosed spaces, self-contained breathing apparatus (SCBA). Keep upwind of fire and evacuate area.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment, and Emergency Procedures  Use special care to avoid static electric charges. Eliminate sources of ignition. Use personal protection recommended in Section 8. Isolate the hazard area and deny entry to unnecessary and unprotected personnel.

Methods for Containment and Cleaning Up  Scoop up material and place in disposal container. Provide ventilation.

SECTION 7. HANDLING AND STORAGE

Precautions for Safe Handling  Keep away from sources of ignition – No smoking. Avoid contact with skin and eyes. Avoid breathing dust/fumes/gas/mist/vapors/spray. Do not swallow. Handle and open container with care. When using, do not eat, drink or smoke. Wash hands before doing so. Launder contaminated clothing before reuse. Proper grounding procedures to avoid static electricity should be followed. Keep out of reach of children. Keep container tightly closed and in a well-ventilated place at room temperature. Store locked up.

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Appropriate Engineering Controls
Individual Protection Measures
Eye/Face Protection
Skin Protection
Respiratory Protection
Other

Use ventilation adequate to keep exposures (airborne levels of dust, fume, vapor, etc) below recommended exposure limits.

Wear eye protection.

Wear suitable gloves. Wear suitable protective clothing.

In case of insufficient ventilation, wear suitable respiratory equipment. Maintain levels below community environmental protection thresholds. Do not eat, smoke, drink where material is handled, processed or stored. Wash hands carefully after handling. Handle according to established industrial hygiene and safety practices.

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance
Colorless liquid
Odour
Light citrus scent
Odour Threshold
No data available
pH
No data available
Melting Point and Freezing Point
No data available
Initial Boiling Point and Boiling Range
350.6-401ºF
Flash Point
>62ºC (142ºF)
Evaporation Rate
< 1
Flammability (solid, gas)
Combustible
Upper and Lower Flammability or Explosive Limit
LEL: 0.7 UEL: 5.3
Vapour Pressure
2.5 mmHg at 100.4ºF
Vapour Density
0.77 at 77ºF
(air = 1)
Relative Density (water = 1)
0.77
Solubility in Water
Insoluble
Solubility in Other Liquids
Partition Coefficient, n-Octanol / Water (Log Kow)
Auto-ignition Temperature
No data available
Decomposition Temperature
No data available
Viscosity

SECTION 10. STABILITY AND REACTIVITY

Reactivity
No dangerous reaction known under normal use.
Chemical Stability
Stable under normal storage conditions. May form flammable/explosive vapor-air mixture if heated.
Possibility of Hazardous Reactions
No dangerous reaction known under normal use.
Conditions to Avoid
Incompatible Materials
Strong oxidizers.
Hazardous Decomposition Products
May include and are not limited to: oxides of carbon. May release flammable gases.

SECTION 11. TOXICOLOGICAL INFORMATION

Acute Toxicity: Not Classified.
LD50 (oral)
>2000mg/kg
LD50 (dermal)
>2000mg/kg
Skin Corrosion / Irritation
May cause skin irritation.
Serious Eye Damage / Irritation: May cause eye irritation.

STOT (Specific Target Organ Toxicity) - Single Exposure: Based on available data, the classification criteria are not met.

Aspiration Hazard: May be fatal if swallowed and enters airways.

STOT (Specific Target Organ Toxicity) - Repeated Exposure: Based on available data, the classification criteria are not met.

Respiratory and/or Skin Sensitization: Based on available data, the classification criteria are not met.

Reproductive Toxicity:
- Development of Offspring: Based on available data, the classification criteria are not met.
- Sexual Function and Fertility: Based on available data, the classification criteria are not met.
- Effects on or via Lactation: Based on available data, the classification criteria are not met.
- Germ Cell Mutagenicity: Based on available data, the classification criteria are not met.

SECTION 12. ECOLOGICAL INFORMATION

Eco-toxicity: General: May cause adverse effects in the aquatic environment.

Persistence and Degradability: Not established.

Bioaccumulative Potential: Not established.

Mobility in Soil: No additional information available.

Other Adverse Effects: No additional information available.

SECTION 13. DISPOSAL CONSIDERATIONS

Disposal Methods: This material must be disposed of in accordance with all local, state, provincial, and federal regulations. The generation of waste should be avoided or minimized wherever possible.

Handle empty containers with care because residual vapors are flammable.

SECTION 14. TRANSPORT INFORMATION

Not regulated for transport in less than bulk quantities. (<1000kg, or in a container of 450 litre/119 Gallon by land, sea or air, in accordance with:

Dept. Of Transportation (DOT-USA), TDG (Canada-),
Capacity for land: Dept. Of Transportation (DOT-USA), TDG (Canada-), note: as long as the material is not a hazardous waste or marine pollutant.
Sea (IMDG) and air transport (IATA).

note: as long as the material is not a hazardous waste or marine pollutant (not disposed or properly).

Special Precautions: Do not handle until all safety precautions have been read and understood.

SECTION 15. REGULATORY INFORMATION

WHMIS Classification: Class B, Division 3: Combustible liquids.

This product has been classified in accordance with hazard criteria of the Controlled Products Regulations and...
the (M)SDS contains all the information required by the Controlled Products Regulations.  
CEPA: All components of this material are either on the Canadian Domestic Substances List (DSL), exempt or have been notified under CEPA.  

Safety, Health and Environmental Regulations  
US Federal regulations: All components of this product are listed or exempt on the United States Environmental Protection Agency Toxic substances control act (TSCA) inventory:  

SECTION 16. OTHER INFORMATION  
Date of Latest Revision  January 2016  

File name: 115_SDS_CAN_2016
